Lunch served daily from 11:00am-3:30 pm

WELCOME TO ATHENS

Health Notes

According to numerous medical studies, Mediterranean people, especially Greek people have lower risk of heart attack and lower cholesterol levels. It is believed this is due to the wide use of pure virgin olive oil in traditional Greek recipes and methods of cooking. Needless to say, we follow the same steps and traditions in our cooking for our valued customer. Thank you for being our friends and making this family Restaurant a success.
